

GENERAL PLAN UPDATE

- The City is updating the General Plan to reflect new legislative requirements
- The update will make focused changes to the Health and Safety element and add a new Environmental Justice element. No land use changes are anticipated.

Health and Safety

Additional information and policies related to fire risk, flooding, and climate resilience are required.

Environmental Justice

The Planning for Healthy Communities Act requires jurisdictions meeting certain criteria to adopt an Environmental Justice element addressing unique health risks to the community.

PROCESS

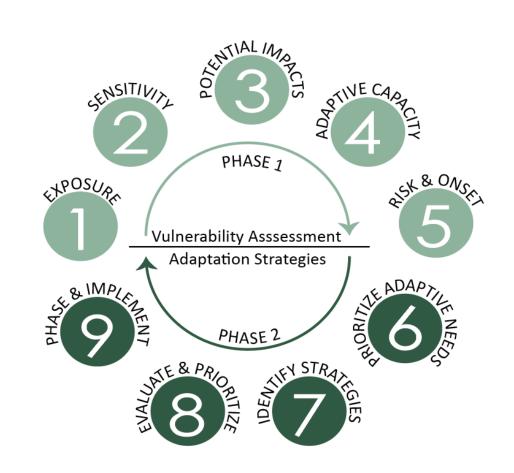

ISSUES ANALYSIS

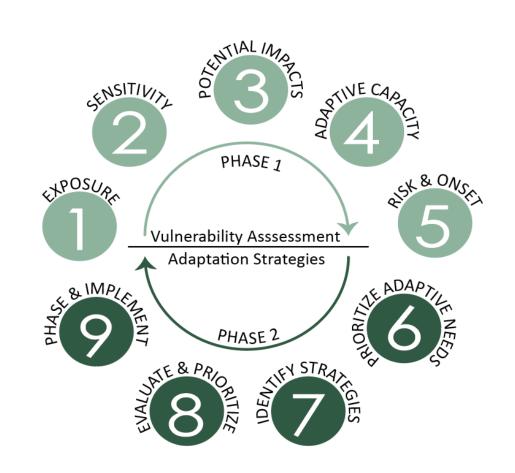

- Climate adaptation
- Wildfire risk
- Flood risk
- Military readiness

SB 379 – Climate Adaptation

City of Porterville Hazard Summary						
Hazard	Frequency ¹	Extent ²	Magnitude ³	Significance	Location	
Climate	Highly	Extensive	Catastrophic	High	Entire City	
Change						
Dam Failure	Unlikely	Extensive	Catastrophic	High	Portions	
Drought	Likely	Extensive	Catastrophic	High	Entire City	
Earthquake:	Occasional	Extensive	Limited	Low	Entire City	
Shaking						
Energy	Occasional	Extensive	Critical	Medium	Entire City	
Emergency ⁴						
Extreme Heat	Highly	Extensive	Critical	High	Entire City	
Fire ⁵	Unlikely	Limited	Limited	Low	Entire City	
Floods	Highly	Extensive	Critical	High	Portions	
Fog	Likely	Extensive	Limited	Low	Entire City	
Hazardous	Likely	Limited	Limited	Low	Entire City	
Materials						
Landslide,	Unlikely	Limited	Negligible	Low	Entire City	
Mudslide, and						
Debris						
Pandemic	Likely	Extensive	Critical	Medium	Entire City	
Severe Storms	Highly Likely	Significant	Limited	Medium	Entire City	
and Wind						
Wildfire⁵	Unlikely	Limited	Limited	Low	Portions

SB 379 – Climate Adaptation

 Incorporate 2023 Tulare County Multi-Jurisdictional LHMP into the General Plan by reference

SB 1241 – Wildfire Risk

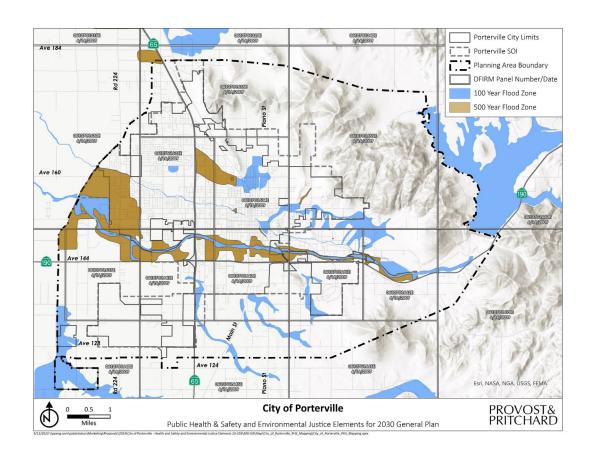

- Very little of the Porterville Planning Area is considered in the Very High Fire Hazard Severity Zone
- Current General Plan policies
 adequately address fire risk in these
 areas and in the City as a whole

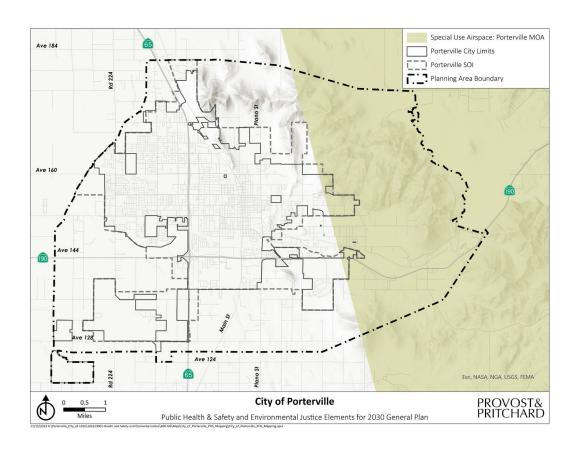

SB 5 – Flood Risk

- There are no 200-year flood zones in the Porterville Planning Area
- Current General Plan policies adequately address flood risk in the City

SB 1458 & SB 1462 – Military Readiness

- A portion of the Porterville Planning Area is within a Special Use Military Airspace
- The proposed General Plan updates will be shared with the relevant military parties during the public review period

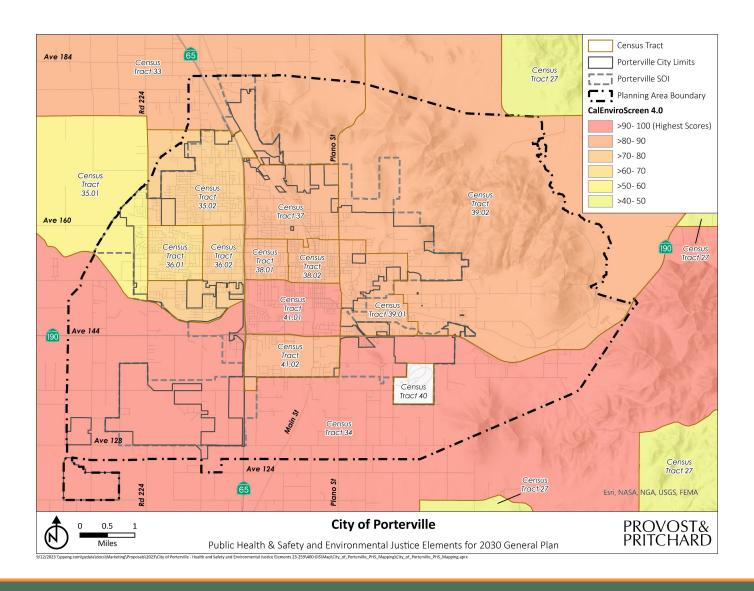

ENVIRONMENTAL JUSTICE

- EJ is the idea that certain communities face a disproportionate burden of environmental health hazards
- SB 1000 requires communities that meet certain thresholds to consider EJ in their General Plan
- Porterville is considered a disadvantaged community based on CalEnviroScreen 4.0 mapping

CALENVIROSCREEN

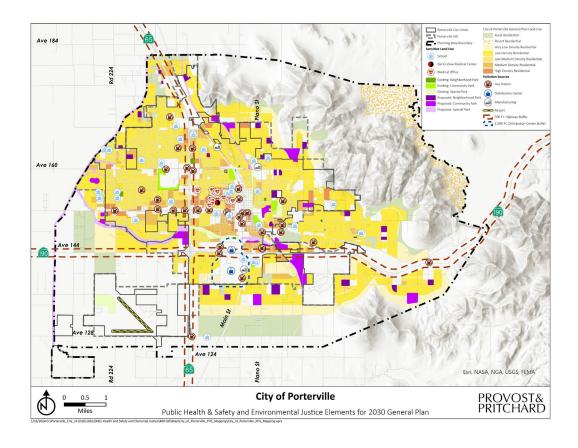

ISSUES ANALYSIS

- Pollution exposure
- Public facilities access
- Food access
- Safe and sanitary homes
- Physical activity
- Civic engagement

Pollution Exposure

Utilize California Air Resources
 Board Air Quality and Land Use
 Handbook recommendations when
 approving new land uses that may
 be sensitive to or contribute to air
 pollution

Public Facilities Access

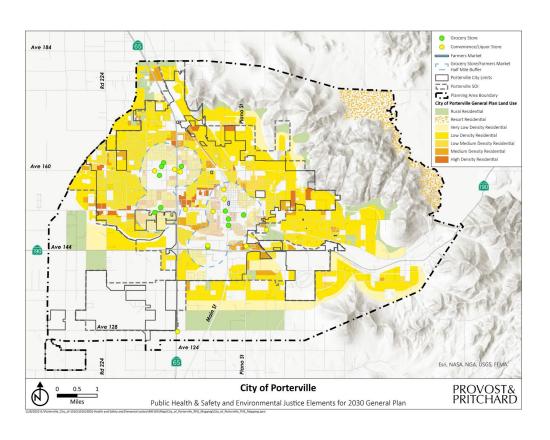

- Wastewater treatment
- Flood control and drainage
- Transit access

	Distribution	Access	Conditions	Operational Sustainability	Future Capacity	Recommendation
			Public Improvem	ents		
Water Distribution	Equitable	Equitable	Good	Good	Good	No action needed
Wastewater Treatment	Equitable	Equitable	Good	Good	Adequate	Ensure capacity expansion of wastewater treatment facilities occurs in line with timeline from development
Flood Control & Drainage	Equitable	Equitable	Good	Good	Good	Monitor development and ensure new stormwater retention basins are established as necessary
Solid Waste	Equitable	Equitable	Good	Good	Adequate	No additional action needed
Streets & Roads	Equitable	Equitable	Adequate	Good	Good	No additional action needed
Public Utilities	Equitable	Equitable	Good	Good	Good	No additional action needed
			Public Service	25		
Transit	Equitable	Equitable	Good	Good	Good	Monitor development and consider route expansion when use-potential warrants it
Healthcare	Equitable	Equitable	Good	Good	Good	No additional action needed
Emergency Services	Equitable	Equitable	Good	Good	Good	No additional action needed
	•		Community Faci	lities	•	'
Government Buildings	Equitable	Equitable	Good	Good	Good	No additional action needed
Daycare Centers	Equitable	Equitable	Good	n/a*	n/a*	No additional action needed
Libraries	Equitable	Equitable	Good	Good	Good	No additional action needed

^{*} The City is not responsible for the operation or maintenance of private facilities

Food Access

 Access to healthy food is not a concern for Porterville given the current distribution of healthy food sources, high prevalence of personal vehicles in the City, and robust public transit system

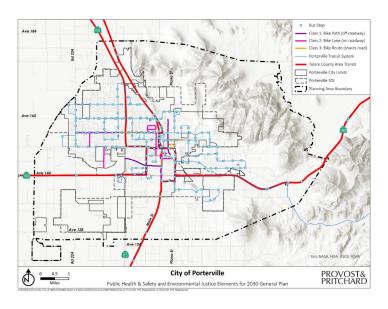

Safe and Sanitary Homes

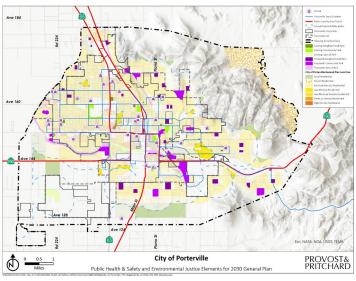

- Toxic substances
- Overcrowding
- Affordability

Factor	Summary	Recommendation	
Toxic Substances	There is likely some occurrence of	Increase awareness of warning	
	toxic substances, including lead,	signs for presence of toxic	
	asbestos, and mold in Porterville's	substances.	
	housing stock, based on its age.		
	When these homes are in a state of		
	disrepair, exposure to these toxic		
	substances tends to increase, also		
	increasing the associated health		
	risks.		
Rodents and Pests	There are no known problems with	No action needed.	
	rodents or pests in the City of		
	Porterville.		
Overcrowding	There is some occurrence of	Encourage construction of	
	overcrowding in Porterville,	affordable housing units and	
	especially among low-income and	housing that can accommodate	
	renting households.	larger and multi-generational	
		households.	
Affordability	Approximately 43% of households	Increase awareness of and	
	in Porterville are cost-burdened and	participation in affordable housing	
	spending more than 30% of their	programs and programs that assist	
	income on housing.	in off-setting other living costs such	
		as food and transportation.	
		Encourage construction of	
		affordable housing units.	

Physical Activity

- Prioritize construction of bicycle and pedestrian infrastructure to close network gaps to key locations
- Complete a visual quality
 assessment of existing bicycle and
 pedestrian infrastructure

Civic Engagement

- Consider meeting time and location to ensure majority of stakeholders can attend
- Provide online meeting access
- Provide childcare and bilingual services when possible
- Provide alternative ways for feedback, such as online forms, email, or phone
